## Linssen Yachts 75 EDITION

In 2024, Linssen Yachts will celebrate its 75th anniversary. To mark this milestone, Linssen Yachts is introducing special '75 Edition' anniversary models in the Grand Sturdy and Linssen SL series.

### Unique new Linssen colours

Within the existing model series, these yachts will be given a completely unique and recognisable identity. The *75 Edition* models, for example, will feature a unique new Linssen colour. The Grand Sturdy series will be finished in Velvet Green, while the Linssen SL series will be given the powerful Mahogany Red colour. Each of these unique colours will give the yachts a distinctive look that is sure to attract attention on the water.

### 75 Edition

The '*75 Edition*' yachts will be fitted with a number of exclusive extras as standard, including a navigation package, an electric windlass, teak table on aft deck\* (AC) or cockpit\* (Sedan), original Linssen teak deck on aft deck and steps on transom (AC), an electric stern thruster and wireless remote control for bow and stern thrusters and lots more.

### **75 Edition exterior and interior package**

To give each yacht an even more exclusive character, the *75 Edition* logo is applied in several places to further emphasise the unique look.

- For example, the exterior is recognisable by the stainless steel *75 Edition* logo on the port and starboard side under the rope fender/pvc fender
- You get a unique teak *75 Edition* steering wheel with *75 Edition* logo in the hub.
- The already special Linssen teak deck (AC) will be fitted with a burnt-in *75 Edition* stamp. On the Sedan, an elegant stainless steel *75 Edition* emblem is fitted above the cockpit doors.
- The exterior cushions on the aft deck (or cockpit) will be subtly stamped with the *75 Edition* logo.
- The stainless steel badge in the interior with serial number proves the special limited edition.
- The upholstery is specially selected for the *75 Edition*
- You get a *75 Edition* decorative cushion set for the interior.
